

Programas de Energía Nuclear y Aceptación Social en América Latina

CALL FOR SPONSORS

The Mexican Nuclear Society (SNM) cordially invites industry representatives and institutions, both national and international, to participate as sponsors of the **36th Annual SNM Congress**, held jointly with the **2025 Symposium of the Latin American Section of the American Nuclear Society (LAS-ANS)**. This event will take place from **September 7–10, 2025**, in the city of **Xalapa-Enríquez, Veracruz, Mexico**.

This congress is the leading forum for professionals, researchers, students, and decision-makers in the nuclear sector across Mexico and Latin America. It offers a high-visibility platform for those supporting the scientific, technological, and industrial development of the nuclear field.

Why sponsor the SNM 2025 Congress?

- **High institutional visibility** among the scientific, industrial, and regulatory communities in the Latin American nuclear sector.
- **Direct access** to key national and international decision-makers and professionals.
- **Brand positioning** in a prestigious academic and technical environment.
- **Networking opportunities** with experts, companies, research centers, and international organizations.
- **Multi-channel presence:** website, social media, digital proceedings, institutional emails, and on-site branding.
- **Support for the professional development of young talent** and the training of the next generation in the nuclear sector.
